

# CAcert Assurance Programme

## Identity Verification Form

**To the Assurer:** The CAcert Assurance Programme (CAP) aims to verify the identities of Internet users through face-to-face witnessing of government issued identity documents. The Applicant asks you to verify to CAcert.org that you have met them and verified their identity against one or more original, trusted, government photo identity documents. If you have ANY doubts or concerns about the Applicant's identity, DO NOT COMPLETE OR SIGN this form. For more information about the CAcert Assurance Programme, including detailed guides for CAcert Assurers, please visit: [www.CAcert.org](http://www.CAcert.org)

As the assurer, you are required to keep the signed document on file for a period of up to 7 years. Should CAcert Inc. have any concerns about a meeting taking place, CAcert Inc. can request proof, in the form of this signed document, to ensure the process is being followed correctly.
