

Trusted Third Party ID Verification Form

The **CAcert** *Trusted Third Party (TTP) Programme* is designed to assure Internet user identities through personal verification of government issued identity documents.

The Applicant asks you to certify to **CAcert** that you have met with *the Applicant* and verified the Full Name, Date of Birth, and ID Numbers of *the Applicant* against two separate original trusted photo-identity documents.

Please complete and sign this form, and sign the photocopies of the ID, to acknowledge that:

1. You have viewed two of the Applicant's photo identity documents and you are convinced of their authenticity, and are convinced that the photos indeed depict the Applicant (allowed documents are government-issued documents with photos such as driver's license, passport, or others that are normally accepted as legal identification in your country; expired documents are allowed).
2. You have verified that the Full Name, Date of Birth, and ID Numbers on the identity documents matches those filled in the Applicant section below and in the photocopies provided.

If you have ANY doubts or concerns about the identity of *the Applicant* then please **DO NOT COMPLETE AND SIGN** this form. For more information about the Web of Trust, including detailed guides for *Trusted Third Parties*, please see:
